 on 5795 2783 by Thursday 11 am**

Could any suggested changes to the Euroa roster & program please be emailed to the Editor. It is too difficult to take note of changes at the meeting on the hop.

## Richie's Report

All raffle books must be returned by this Thursday's meeting. We will prepare tickets for the barrel before the meeting starts. Ticket sales have been very good this weekend. At Saturday's Violet Town market we sold \$500.00 and back of Burtons on Sunday \$250.00. This leaves 60 tickets left to sell. Well done everyone.

Bernie came out of hospital Saturday. Neville is in the Northern and hopes to be home early this week.

Our best wishes to all those who have not been feeling well and recuperating.

Cheers Richie

**Update** – On Friday Neville had pain in the chest and was sent to Northern Hospital, where he had 2 stints put in affected arteries. The doctors say he is progressing well and he hopes to be out on Tuesday.

### Thursday Night's Meeting

John Heal provided an update on the raffle which is to be drawn at the Euroa Farmers Market on Saturday June 16. The Club was able to secure a spot to sell tickets at the Violet Town market on June 9.

**Raffle books must be returned tonight**

**Lyn Newnham** presented her maiden speech, outlining an extensive range of activities, owning and operating a variety of businesses. Her involvement, talents and experience will provide a valuable addition to the Club.

**Speaker – Ellen Conroy *The Yackandandah community solar power project.***

Ellen provided an outline of the project currently underway and in which she has been actively involved within the community of Yackandandah, converting her Mother's house to solar.

A significant number of homes have been involved in the project, entitled Mondo Yackandandah, which is being sponsored by the power companies and can be examined in more detail at:

<https://mondopower.com.au/yack/>

Apart from the cost of the panels, the biggest cost is the batteries, which are expensive. As an integral part of the project the community is being provided with batteries at half price and with interest free terms over five years.

Ellen proudly displayed her latest power bill.....**\$NIL**.

The numerous questions from the floor evidenced the widespread interest in solar.

Ellen's Mother recently entered care and we wish her well.
