Bernie's Buzz

(or Brian's Bellyache)

Well the rumour has it that the Club is really buzzing after last week's assembly, and it will be on fire by the time Bernie returns from the Sunshine Coast (been overcast for a while) in about 2 weeks, that is what Bernie is hoping!! Vice- Pres Brian was really happy with the Club Assembly and reminds the group leaders to forward the reports on to Secretary Gary.

Welcome home to Linda after her sojourn around the world. And it is good to hear that David R is eating and walking around.

Cheers Editor

Thursday Night's Meeting

Club Assembly

A disappointing attendance for the important Initial planning process addressing our year ahead.

The dynamic participation in the proceedings by everyone present produced a raft of innovative suggestions which shall be presented to the Board.

Secretary Gary has everyone listening

To kick off Acting President Brian called for an open forum with members invited to raise any issues of a general nature. A number of matters were introduced, with items such as providing new members access to Board meetings in order for them to better understand the Club's involvements and direction and consideration to be given to longer term projects and goals, for example a 3 to 5 year plan.

The members then split into the various portfolio groups, followed by summary presentations of their deliberations by a group member to everyone.

In order for the various ideas to be collated and presented to the Board in an initial Business Plan, each group has been requested to provide Gary with a summary email document by 12/7/18. Importantly that should also include a suggested budget figure.

International Convention 2019 Hamburg

Everyone received the info on the next International Convention, something to think about and consider attending.

Also we all received the email with Malcolm Kerr's (the new DG) message, well worth a read.
